

Mid-South Independent Electrical Contractors Association

ELECTRICAL & LOW VOLTAGE CONSTRUCTION TRADESHOW

and Wire-Off Competition

Agri-Center International,
Memphis TN

THURSDAY, MAY 10th

NETWORK & LEARN WHAT'S NEW IN THE ELECTRICAL & LOW VOLTAGE INDUSTRIES

This Tradeshow is aimed at showing what's new in the electrical and low voltage industries. If you are a electrical or low voltage contractor, master or journeyman electrician, a low voltage technician, or work with electrical systems, you are invited to come and see what is the hottest technology in the industry. Anyone in the electrical and low voltage construction trades, including engineers, architects and inspectors, will benefit from seeing the latest technology that is available at this year's tradeshow.

WIRE-OFF COMPETITION

We will have our 4th year electrical apprentices competing in a "Wire-Off Competition" where they will interpret schematics, wire diagrams and develop functional circuits. This event will draw a crowd all day. Come out and support and witness the work of the future journeymen electricians, estimators, foremen, project managers.

AT THE TRADESHOW WILL BE

- Updated Designs
- Material Management
- Cost Savings Solutions
- New Products & Technologies
